According to the situation of COVID-19 prevention and control, 2022 GSUA International Congress will be rescheduled to be held in Nanjing from November 11 to 14, 2022.

The 2022 GSUA International Congress focuses on current research on grey system theory, system sciences and engineering rapidly advancing technologies in uncertainty analysis, complex equipment development and innovation management. The congress invites researchers to present current research findings and practical experiences from the wide community which is now involved in Grey Systems Theory and Applications, Uncertain Systems, Systems Analysis, Modeling and Simulation, Data Mining, Forecasting and Decision-making, Complex Equipment Development Management and Technical Innovation, etc.. The selected papers will be published by The Journal of Grey System(SCI, Q2) and Grey Systems Theory and Application(SCI, Q1).

Topics include, but are not limited to

System Analysis

Data Mining and Processing

Grey Systems Modeling and Simulation

Grey Forecasting and Decision Making

Grey Control

Grey Numbers and its Operations

Grey Equation and Grey Matrix

Sequence Operator and Grey Data Mining

Grey Incidence Analysis Model

Grey Clustering Evaluation Model

Grey Programming

Grey Input-output

Grey Matrix Game Model

Uncertain Systems

Practical Applications of Grey Methods

Artificial Intelligence

Big data

Cloud computing

Industrial Engineering

Complex Equipment Development Quality and reliability management

Cost management
Risk management
Project schedule management
Technical Innovation management
Other Relevant Topics

Important Dates

September 15, 2022: Deadline for submission of proposal for special sessions.

September 30, 2022: Deadline for submission of full papers.

October 20, 2022: Acceptance / Rejection notification.

November 1, 2020: Registration for free.
